TROUTLINE AUGUST 2015

NEXT BOARD MEETING: September 5, 2015 @ 9 a.m. in the "Clubhouse". Please stop in and share your ideas.

19" RULE: Please remember, beginning in 2013 the MML rule to allow harvest of one (1) fish over 19" has been amended. Drought conditions in 2012 and 2013 resulted in the loss of the super catchable program which produced most of these of fish. The super catchable program will be resurrected. However, fish 19" or larger cannot be produced until 2017. **Therefore all fish 19" or larger must be returned to the water immediately.** If you see anyone violating this rule, please get the badge number and notify staff at 719-293-5441, 719-293-5423, or 719-293-5427.

2016 TRIPLOID RAINBOWS: Although these fish were sick in June, they have been well this summer. We have moved them into their wintering ponds. We have 15,703 and they are 13.5". Last year at this time, our Hofers were only 12.5". Since we have enough rainbows to meet our stocking goals in 2016, we are going to restart our super catchable program with cutbows, which we will stock in 2017. These cutbows are currently 11.5" and we have 5,215.

2017 KAMLOOPS RAINBOWS: With warm summer weather our water has warmed up also. We treated our 2017 rainbows at the end of July for Columnaris disease. This disease is associated with warm water temperatures and crowded ponds or raceways. We have been keeping our ponds and raceways thin and providing them with the best conditions we can give them. They have responded well and we will grade these fish in August and keep 23,000 fish. They are currently 7.3" and we have 27,990 fish.

2015 BROWN TROUT: On June 11 we stocked 2,070 three inch rainbows into Lakes 6,7,8,9, and 12. We got these fish as a trade from CPW and you can expect to start catching them in 2016. They will be 12" to 14" long.

2015 ARCTIC CHAR: These fish are three inches and ready to stock. However, these fish do really well in 48-50 degree water. We will keep growing these in the hatchery and stock them this fall once lake water temperatures drop. We will stock 625 fingerlings Lakes 8, 15 and 20.

LOST AND FOUND: The table located next to the guest badge box is for lost and found. Please place found items on the table for members to claim.

CUTTHROAT TROUT SPAWNING: We had a successful year for spawning cutthroat. We spawned fish from Lake 8 and 15. We spawned for a total of 6,156 eggs. We currently have 3,568 fish and they began eating late June. We will grow these fish to three inches and stock them next spring.

2015 RAINBOW HOFERS: We completed our 2015 Rainbow Hofer stocking on July 6. We stocked 2,512 fish which were 1.5 pounds into Lakes 5,6,9,12,17,18,19 and 20.

PURCHASED RAINBOWS: We purchased rainbows to supplement our 2015 stocking goal since our Hofer experiment did not work out. We stocked Lakes 6,9,12 and 20 on June 12 and 20. These fish were 1.9 pounds and 17 inches in length. We also received another order of rainbows on July 30. These fish are two pounds. These fish look great and put up a good fight.

WATER FLOWS:We are currently taking our full 8 CFS water right. All the lakes are full and our entire water system is running. We turned Home Row Ditch on at the end of May and will keep it running as long as we can. If you have a cabin close to the Home Row Ditch, please try to keep it free of any debris.

CLUBHOUSE PHONE: We will be disconnecting the office and clubhouse phone. If you need to get in contact with the staff, please use the following numbers.

Brent: 719-293-5441

Greg: 719-293-5427

Bryan: 719-293-5423

BURN PILE: The burn pile is to be no larger than 15' x 15' in size. Please do not put construction materials or metal/steel objects in the pile.

CONDOLENCES: Condolences to Mary and the Anderson family on the sudden passing of Dick Anderson on July 14, 2015.

NEED COPIES OF MT. MASSIVE LAKES BY-LAWS, RULES AND REGULATIONS, LAND USE APPLICATIONS AND RULES AND REGULATIONS OR MAPS OF THE CLUB? They are available to the membership and can either be downloaded from the website or are available in plastic file holders mounted on the wall inside the Clubhouse, just to the right as you enter the Clubhouse door. If you elect to acquire them at the Clubhouse, limit one per member, please!

LAND USE PERMIT APPLICATIONS:Remember, if you are planning a construction project at your cabin you will need to follow Mt. Massive Rules and Regulations governing Land Use. These rules, published on the website or available at the Clubhouse, include submitting a Land Use Application to the Land Use Committee for their approval, **prior** to starting construction. The rules state "**A PERMIT IS REQUIRED FOR THE CONSTRUCTION OR INSTALLATION OF NEW CABINS, OUT BUILDINGS, ADDITIONS TO**

PRESENT CABINS, OR CONSTRUCTION OF SEPTIC SYSTEMS, FENCES, ANTENNAS, FLAGPOLES, SIGNS, PARKING AREAS, ROADS, CONCRETE, OR ANY DISTURBANCE OF THE LAND". If there is a question about whether or not you need to submit an application, or to submit an application, please call Land Use Committee Chairman Len Modder at (719) 486-3464 or Richard Cannon at (719) 486-3241 or Janice Good at (719) 207-1596.

FOR SALE LIST: Is no longer part of the "Troutline" but will be emailed along with each Troutline. Each time there is a change in the "memberships for sale" list the new list will be sent to the membership via e-mail. Please contact Shaun Mulligan (303-513-0624) if you wish to list a membership or other items for sale.
